

## **My Inner Teacher, My Guardian Angel & My Guide**

This amazing workshop is designed for anyone who truly desires to communicate with the Divine Intelligence within. Discover, perhaps for the first time, the silent, always present Inner Teacher, who is on one hand your Guardian Angel, and on the other, a patient Friend who knows the hardships and challenges of life.

### **CD 1: The Dynamics of Inner Communication**

How to recognize communication from your Inner Teacher. Inner guidance can be practical, useful, and even scientific in nature. Understanding the Inner Self Helper, your inner "survival mechanism." How the brain/mind works: a scientific approach. Interpreting dreams and universal symbols as inspired messages from God.

### **CD 2: Recognizing Physical & Non-physical Teachers**

How to make decisions based on logic and intuition. Responsible application of the intuitive mind in a society dependent on analytical thinking. How to know the difference between God's Will and your own personal will. Following psychic guidelines is as important as adhering to the laws of our physical world. What steps do you take when you establish contact with God? What type of communication can you expect from your Inner Teacher?

### **CD 3: Familiarity Breeds Recognition**

Discover the many ways communication from the Inner Teacher occurs. What can you expect? Acquainting yourself with God's Presence is necessary to recognize and discern messages from God. Writing letters to your Inner Teacher, making contact and receiving messages. Is skepticism necessary? How to handle criticism and rational denial.

### **CD 4: Knowing the Voices of Truth & Doubt**

Belief systems structure the physical universe we experience. Change your belief system and experience a different universe. Apply an ancient Chinese concept to discern the voices of "truth" and of "doubt" during any channeled communication. Discover the importance of offering your "first thoughts" to God.
