

Mystic Astrology - The Teachers

"The planets in the heavens are the result of movements of the Mind of God. And if instead of seeing Astrology as a power, we rather see the movements of the planets in relation to one another, as evidence of the movement within the body of God. Showing how one facet is juxtaposed to another, we'll find it a study of God or a science of the anatomy of the body of God."

Finding it that way we might understand ourselves a little better in relation to Him.

Paul Solomon: The Karmic Destiny of Atlantis.

"Perhaps there is a pattern set up in the heavens for one who desires to see it, and having seen it, to find one in himself"

Plato
